

CARMENERRE / 2016

APPELLATION

Central Valley.

SOIL

Riverbench and benchland associated soils.

AGEING

Aged in oak barrels.

COLOUR

Intense and deep purple red colour.

NOSE

Very expressive fruit with outstanding mature berries, forest fruit joined with delicate hints of coffee and toast coming from the barrels.

PALATE

From the start, it's a remarkable expression of Carmenerre thanks to the typical fruit like plums, blackberries and some spicy touches. The tannins are polished and long with a medium body at the end.

FOOD PAIRING

It expresses marvelously well with game meat, garnished with sweet-and-sour sauces and berries.
